

CB Series Weatherized Hinges by BEST

When performance hinges on beating the elements.

BEST CB series weatherized hinges deliver quality and performance in the toughest of elements. The 626W Satin Chrome Weatherized hinge is constructed of brass leaves and a hardened steel pin, then plated with our premium weatherized finish. The 630W Satin Stainless Weatherized hinge is furnished from stainless steel leaves and pin. Both the 626W and 630W weatherized hinges are given an additional clear coat finish that resists rust, corrosion and salt to ensure they maintain their visual appeal throughout the product life cycle.

These weatherized hinges are the ideal solution for applications like natatoriums, water treatment facilities and exterior gates.

Hinges: smooth and dependable

A door's safe and reliable operation depends on the smooth performance of the hinge system, particularly in high-traffic areas.

All BEST hinges conform to ANSI/BHMA standards to get the job done in any application.

- Full-mortise, half-mortise, half-surface and full-surface options
- Wide range of sizes and finishes for any door or frame application
- Package comes with fasteners and cardboard shims for quick installation
- Constructed with durable bearings and high-quality materials for long-lasting, maintenance-free operation

Pair the 626W weatherized hinge with the matching BEST Hardware 626W weatherized exit device for a consistent look.

Trusted experts. Proven reliability. Simply BEST.

Long-lasting performance and durability.

BEST weatherized hinges combine long-lasting visual appeal with greater durability resulting in lower maintenance and a longer product life, delivering both strength and aesthetics in any application.

Features

BEST Weatherized Hinges

- Designed to last. STANLEY weatherized hinges were specifically designed for locations where you need protection against the harshest elements. Both the 626W and the 630W finishes far exceed the ANSI/BHMA salt spray testing requirements.
- True architectural finish. The 626W and 630W finishes meet ANSI requirements for a true architectural finish.
- Premium warranty. STANLEY weatherized hinges come with a five-year finish warranty
- Greater durability. Resistance to rust, corrosion and salt results in a longer product life and uncompromised performance.
- Higher value. Reduced maintenance and a longer product life deliver the highest value for exterior applications.
- Weatherized options. Pair the 626W weatherized hinge with the matching 626W weatherized PRECISION exit device for a consistent look.

Featured Finishes

626W: Satin Chrome

630W: Satin Stainless

To order, specify hinge model, option, size, and finish of 626W or 630W.
